|                 |   |

A diagram of a keyboard layout. The keys are arranged in a grid. The top row consists of six empty square keys. The second row contains keys with the following symbols: a downward-pointing triangle, a tilde (~), a question mark (?), a vertical bar (|), an ampersand (&), and an asterisk (\*). The third row contains keys with: a downward-pointing triangle, a less-than sign (<), an equals sign (=), a greater-than sign (>), an exclamation mark (!), and a plus sign (+). The fourth row contains keys with: a downward-pointing triangle, a hyphen/underscore (-), an at symbol (@), a percent sign (%), a hash symbol (#), and a forward slash (/). Below the main grid, there are four more keys: a downward-pointing triangle, another downward-pointing triangle, a third downward-pointing triangle, and an empty square key.
